Professional Experience

Homewizie Inc., *Founder & CEO*

2025 - Present

- Founded **Homewizie** and lead business strategy, market research, customer discovery, and product direction.
- Build **frontend ecommerce** pages and conversion focused product experiences for **B2B** and **DTC** offers.
- Identify target markets, generate **leads**, manage outreach, and support **high-ticket sales** opportunities.
- Plan and manage **Meta Ads**, static ad creatives, and **UGC** style marketing content to drive traffic and product awareness.
- Lead **product positioning**, brand strategy, **partnerships**, and smart space integration opportunities.

AI Automation Agency, *Founder*

2026 - Present

- Built an AI automation agency website to help businesses **solve slow lead response**, manual follow ups, and low website conversion.
- Designed the site to position AI automation as a practical solution for **capturing leads**, qualifying prospects, and booking more calls.
- Created service messaging around common business problems: missed inquiries, repetitive admin work, weak sales pipelines, and poor customer intake.
- Help businesses scale by combining conversion focused web design, AI workflows, and **lead generation systems**.

Marine Engineering Background

2025 - 2026

- Worked with **propulsion systems**, **gas turbines**, **diesel plants**, and operational reliability across marine systems.
- Built a systems first mindset through **troubleshooting**, maintenance, and **failure-redundancy** work in high-pressure environments.
